At South East Star, we've always been passionate supporters of independent companies that are the very backbone of our economy. It's tough out there at the moment and whilst the global brands will weather the storm many of the smaller companies won't. We owe it to our communities to support the smaller independent businesses within them and Saffron Outdoor Living is a wonderful example, showing what smaller independent companies can achieve with passion and hard work. The reputation they have is fully justified and is now beginning to earn them more tangible forms of recognition.

We at the South East Star are delighted to announce that Saffron Outdoor Living are the latest recipients of one of our `Awards of Excellence for Family-Run Leading Supplier of Handcrafted Shutters & Awnings 2022'. We think it's important to recognise organisations that are bringing something new and innovative to their marketplace. They are not the biggest but have to be an organisation that is trying to offer something different to what is already out there and above all they must offer a great product or service. They have a try before you buy service at their `Design Centre' in Haverhill. We feel that Saffron Outdoor Living ticks all the boxes and is a worthy winner of our award.

The success they have enjoyed has clearly been no accident, in this edition we give you an insight into what distinguishes Saffron from their peers in the industry and look at the values that underpin that success. Saffron are based near Cambridge covering areas including Essex, Suffolk, Hertfordshire, Cambridgeshire, Norfolk, Bedfordshire & Home Counties. They have been providing homeowners with exceptional service since 2011.

They offer a wide range of high quality products including Weinor awnings and Balconette Glass Balustrades. Their Plantation shutters are all custom-built to fit your windows perfectly and come in a range of colours and multiple design options to clients' needs to complement your home.
